

MARITIM
Hotel am Schlossgarten Fulda

With *safety* to a successful event

Hygiene and safety measures

The Maritim hygiene and safety standards meet the highest requirements for your carefree stay.

These include:

- Hygiene measures officially tested by the German health authorities
- Daily disinfection of all guest areas
- Regular hygiene training for employees
- Flexible booking conditions
- Sophisticated event formats
(indoor/outdoor, on-site/hybrid/digital)

What else we do for safety in our hotels, can be found on our webpage: www.maritim.com/en/covid-19

Ventilation and air purification measures

For the safe staging of events in enclosed spaces, permanent ventilation is essential to prevent infections through aerosol transmission. Optimum protection is provided by mechanical ventilation that complies with the technical specifications. Such ventilation systems are used at Maritim Hotels. They continuously remove the existing room air and bring in outside air that has been purified by filters. This ensures excellent air purification efficiency, allowing the room to be used all year round without any restrictions on comfort.
