### Meistersaal

The “Meistersaal on Potsdamer Platz”: an event location replete with culture, history and music. Located on Potsdamer Platz in the centre of Berlin, the “Meistersaal” is a jewel of neoclassical architecture with a historical ambience. Formerly a place where renowned artists like David Bowie and U2 created art that went down in music history, it is today a showpiece event location in Berlin. Whether you’re planning a glamorous gala or a conference, a dream wedding or a rock concert – the “Meistersaal” turns every event into a unique and special occasion. The Green Salon, stylishly decorated with marble and cornicing, provides 79 square meters for refined small talk. According to your wishes the room can offer a trendy lounge atmosphere or old Berlin charm. The generously equipped bar is a popular meeting place at any event – and not only in the opening moments. For our smoking guests we have a smoker’s lounge adjacent to the Green Salon. Here is also a small bar so that one can enjoy an alcoholic beverage with ones cigarette.
