What makes Maritim special?

For one thing, our excellent locations: the city and airport hotels with outstanding transport links, the exceptional ambiance of our beach hotels and the tranquillity of the countryside; with Maritim, you are always in exactly the right spot. And for another, the personal service and warm hospitality that make our hotels a “home from home”. Not to mention the first-class facilities. All Maritim Hotels in Germany offer a relaxing pool area, free internet access (WLAN/LAN) for guests staying at the hotel and Maritim’s signature breakfast buffet, which has been receiving top ratings on review portals for many years.

Whether you are travelling alone or as part of a group, welcome to Maritim.

There may be numerous reasons for taking a hotel break, but the ultimate aim should always be the same: customer satisfaction. Trust us to achieve this aim, book your stay at Maritim and take advantage of our attractive offers:

Individual travellers can save when they register to the MyMaritim programme. **Leisure travel Groups** of 15 travellers or more will get one of their single rooms free of charge, inclusive of any hotel services booked at the hotel. Groups attending trade fairs can also make savings compared to the price of individual bookings, provided they reserve at least 10 rooms.
