### Georg-Christoph-Lichtenberg-Haus

Georg-Christoph-Lichtenberg-Haus lays claim to a colourful and eventful history that includes being a park hotel with restaurant in 1899, a private villa, use as a Third Empire SA group school, a reserve military hospital and gynaecological institute. It was eventually signed over to the TH Darmstadt and in 1980 it became the International Meeting Centre of Science (IBZ) at the Technical University of Darmstadt and the GSI Helmholtz Centre for Heavy Ion Research.
